

A composite image featuring a view of Earth from space, showing the Americas and surrounding oceans. The image is mirrored vertically. At the bottom center, a lit matchstick is positioned, with its flame appearing to burn on the surface of the Earth. The text "Personal concerns about climate change" is overlaid in white, italicized font across the lower half of the image.

Personal concerns about climate change

Consequences

- Less snow
 - Extremely hot summers
 - Restrictions to travel
 - More insects, contaminated water
 - Less medicine, more diseases
 - Less food
-
